

PMSC Rally X Vehicle Technical Self Declaration

PMSC is committed to running safe and fun events. One part of safety is the vehicle being used and we want you to fill out this form as it will prompt you to check these items. Something as simple as a wheel coming off could have disastrous results for our workers.

Signing this form attests that the vehicle is safe and suitable for competition. Event officials can check these and any other aspects of the vehicle or drivers for safe operation at any time.

Note: We have(mostly) blatantly copied form from our Good Friends at KWRC.
